PRESIDENT'S MESSAGE

Congratulations to DJ Lavoie on her selection as NNCASC Chapter Member of the Year for 2014. DJ was nominated due to her hard work and dedication in leading her team in collecting oral histories on our WWII, Korean, and Vietnam veterans. Under her direction, they developed their forms, bought necessary equipment, and made contact with our members and have completed over 20 interviews (which we saw a product of at our October General Meeting and Luncheon. Well Done!!!!

Thank you all once again for your generous support of the 2015 First Quarter's Veteran Community Outreach recipient, Interfaith Community Services. We collected \$1060 plus \$200 from the Board as well as pots and pans, towels, blankets, ear buds, razors, glasses, silverware and other requested items.

Our 2015 Membership Renewal and Recruitment Drive is in full swing. Thank you everyone for your prompt responses to renewing your memberships. We are well on track both online and in mailed responses. This is such an important effort for our Chapter and for NNCA to ensure our sustainability as an organization.

We are looking for members who would be willing to lead two very important committees: Caring and Sharing (as we lost Rosie 31 January) and Scholarship (Pat Bull is planning to move to Arizona part time and is stepping down as chairperson). Interim chairperson for Caring and Sharing will be Tina Hooker and interim chairperson for Scholarship will be Ellen Citrano. Please contact me if you would

be interested in leading these very vital committees.

We recently lost two of our long time members—Rosie Lochte and Sally Kiely. Two other Navy Nurses also died—Louise Adams (who had been a previous member of NNCA but not our Chapter) and Mary Jane Maloney (non-member). Rosie had been a very dedicated chapter member holding many positions locally and in NNCA. She will be greatly missed. About 13 Navy Nurses attended her funeral service and 26 were at the burial at Miramar National Cemetery. She had a wonderful send off. Local services are still pending for Sally.

Our next General Meeting/Luncheon will be held Saturday, 11 April 2015 at Miramar Officers Club. We will celebrate the Navy Nurse Corps Birthday, acknowledge another Veterans Group, and have a raffle. Please plan to attend. Ellen makes the raffle so much fun.

Our Chapter will be hosting the 2017 NNCA Annual Meeting. The last time we hosted an event for NNCA was the 2010 Reunion. As we start our work to manage the event, we will be seeking volunteers to help with various functions and activities. Stand by to learn more.

Thank you all again for all your support of our Chapter. We are so blessed to have such generous and hardworking members.

Becky Nulty

APRIL LUNCHEON

Tina Hooker has arranged our next luncheon on **Saturday, April 11th** at Miramar. Please see the flyer and **RSVP by April 3.**

Luncheon will be a buffet with no host bar.

CARING & SHARING

Our NNCASC oldest member, **Calista Owens** passed away on 8/23/14. Also, sadly we lost two long time active members **Sally Kiely** who passed away in Palo Alto on 1/10/15 and **Rosie Lochte** who died 1/31/15. Rosie was active

Sally Kiely

both in NNCASC as former newsletter editor and had been on the NNCA Board.

Rosie Lochte

Rosie was interned at Miramar National Cemetery on February 16, 2015 near the Navy Nurse Corps Memorial. Sally's services at Miramar cemetery will be on April 15 at 1330. Reception to follow at Miramar Officer's Club. The family is also hoping to have a Mass at 12:30 at MCASC Miramar Chapel.

In addition, we learned of **Louise Adams**, who passed away in Arizona 1/31/15 and who had been a charter member of NNCA till 2013 and non-members: **Theresa Banach** who died 1/13/15; Louise Adams 1/31/15 and **Mary Jane Maloney** 2/3/15 who became a Carmelite nun after serving as a Navy Nurse 1950-1952. Keep in your thoughts and prayers: Betty Nimits, Helen Crenshaw, Mary Ann Dickinson, and Rae Leff.

We just recently learned of the death of **Julia Pickering** 3/8/2015 in Seattle, WA. Julia was a long time NNCA member and chaired the NNCA merchandising committee.

If you hear or learn of the passing of a Navy Nurse and/or NNCASC member, a local Navy Nurse Corps officer, or one of their family members, please notify NNCASC President Becky Nulty. Notify Tina Hooker at (858) 571-2874 or e-mail her at tinahook@att.net if you know of local Navy Nurses who are ill or hospitalized.

MEMBERSHIP REPORT

Greetings Everyone,

By now each of you should have received by regular mail or email the 2015-2016 NNCA/NNCASC Membership Form. This year we were given the choice to join or renew online, or return the pre-filled in membership form that NNCA prepared for your convenience.

We want to thank all of you who have responded so promptly; so far we have approximately a 70 % return!! This is very much appreciated. We would also like to extend a special welcome to **nine new NNCASC** members:

Mary Lou Adler	Jeannie Muldoon
Iris Boehnke	Maria Perry
Melissa Cappuccilli	Bonnie Schofield
Catherine Ferris	Dorothy Smith
Debra Guthridge-Lind	

NNCA would like to know your Communication Preference' for the NNCA Directory and the NNCA Newsletter. You can do this by going to the NNCA.org website and into the 'Members Login' section. There you can click on 'My Settings' to make sure your file is up-to-date by indicating your choice of paper or online. At this time, also be sure you indicate what personal information you want to share in the next NNCA Directory. For anyone who submitted a paper membership form, we have tried to ensure that your choices were clearly documented before forwarding to NNCA. There are now two valuable tutorials on the nnca.org website, one a basic public website tour and the other an explanation on the step-by-step process to join or renew online.

Each and every one of our chapter members brings much experience, talent, valuable Navy Nurse Corps history, and amazing stories to share. Sustaining our membership numbers is a vital and ongoing effort, so we hope we all continue to encourage more new memberships in the future. We will be happy to get a membership form and

introduction letter to anyone by mail or electronically. We can be reached at:

VETERAN COMMUNITY OUTREACH VVSD DENTAL CLINIC

contributed by Sandy Holmes

I am really very excited about our Veteran Community Outreach for April's Luncheon at MCAS Miramar. It is truly one that is attempting to fill a huge void!!! Imagine going for a job interview and being afraid to smile because of lousy teeth or no teeth at all! The **San Diego Dental Health Foundation**, a non-profit formed in 1993, has partnered with the **Veteran's Village of San Diego (VVSD)** and the UCSD Student-Run Free Dental Clinics to provide dental care to the nearly 300 residents of VVSD.

Set to open its doors this coming summer, the state-of-the-art Dental Clinic will be housed in a newly constructed building on the main VVSD campus. USCD has the experience and expertise necessary to run a Dental Clinic and they will also provide volunteers to manage the admin aspects of running the clinic. The Dental Foundation will provide the funding to build out the clinic with all of the essential equipment as well as cover the day-to-day expenses of running the clinic. They will also provide the volunteer dentists necessary to staff the clinic. Indeed, members of the Foundation's Board have already begun providing some of the needed dental services to VVSD residents in their own offices and at their own expense.

To date, seven VVSD residents have been seen for basic and major restorative dental treatments, including surgical procedures valued at \$100,000. Unfortunately, due to existing patient responsibilities, the great individual financial costs, and the limited time for such pro bono work, this model of providing treatment to VVSD clients is not sustainable. At the VVSD Dental Clinic, volunteers will be able to treat a much greater number of patients on an ongoing basis. Not limited to those at VVSD, but in the long term, other Veterans in the San Diego County area as well, giving smiles to Veterans who have

served their country!!! The bottom line is to help these men and women, once smiling again, regain their self-confidence and rejoin the work force.

If you are unable to attend the luncheon and wish to make a donation, send your check, payable to the San Diego Dental Health Foundation, to the address below. You might want to include a note mentioning this article and our chapter of the Navy Nurse Corps Association.

Interfaith Community Services

Our focus during the January luncheon was Interfaith Community Services and the multitude of services they provide throughout the North San Diego County area for veterans. In addition to a trunk load of items for the vets housed in their Oceanside apartment complex (a box of pots and pans, glassware, silverware,

ear buds, razors, blankets and oodles more), we collected \$1060 when we "passed the hat" plus the usual \$200.00 from our chapter

treasury!! **Mr. Ron Santulan**, who is the Program Manager for Veterans at Interfaith was totally overwhelmed by your generous, enthusiastic support. The same can be said for Mr. Greg Anglea, their Executive Director when I spoke with him earlier this week. Some of our cash donations may even be used for the \$2.75 million needed to complete the new Veteran and Family Resource Center!! Thank you, thank you, thank you for your continued magnanimous generosity over and over again for our Veteran Community Outreach program!!!

NNCASC LOCAL AWARDS

contributed by Ellen Citrano

At our January luncheon held at the Talega Golf Club, we honored **DJ Lavoie** as the chapter member of the year.

Although relatively new to our chapter, DJ jumped right in feet first to chair a major undertaking to record the Navy Nurse Corps histories of our chapter members.

(l-r: Becky Nulty, DJ Lavoie, Candace Curlee)

Within the past year, she and her team have captured over 19 of our Korean and World War II veterans on camera in interviews. By networking with the Orange County Red Cross group, our chapter members who reside farther away were able to have their interviews completed.

In addition, DJ secured a great contract to professionally transfer these interviews onto DVDs in order to preserve and share copies with the member, our local chapter, Library of Congress and NNCA. Talk about preserving our traditions and legacy for the future!

Join in congratulating **DJ Lavoie** as our chapter “Member of the Year.”

(Special thanks to our Awards Chair, **Ellen Citrano**, for her continuing recognition of our chapter members)

NAVY NURSE CORPS VETERANS SHARE THEIR STORIES

In October 2013 the History Committee conducted our first interview for the Navy Nurse Corps Association Oral History Project. To date, we have interviewed nine Navy Nurse Corps officers who served during WWII as well as three during the Korean Conflict and three who served immediately following the end of the conflict.

We started with **Betty Nimits**, LCDR, USN, Ret., who served on the USS *Repose* and 15 other duty stations. She spoke especially passionate about her experience on the USS *Randall*, which was a post WWII Humanitarian transport ship taking refugees to the states.

Harriet Lola Benoit, LT, USNR, was one of the first 50 Navy Nurses to arrive at Guadalcanal, New Caledonia, at the end of WWII. She said at first it was a little hard because they were not set up very well for women, especially the showers and quarters which had walls that were half windows and faced the Army barracks.

Martha Cooper, LTJG, USNR. **Mary Jones**, LT, USNR, and **Kathryn Havrilla**, ENS, USNR, ZRet. Were all stationed in Philadelphia, lived at the Benjamin Franklin Hotel at the same time and celebrated V-Day in 1945! Martha went onto two other duty stations, and met her husband while stationed at USNH Annapolis, and after a few months active duty in Long Beach, left the Navy to raise seven children while her husband pursued his Navy career. Kathryn was in the Cadet Program while in nurses’ training which made her eligible to be called on to active duty if needed. She was activated and soon went to Palm Beach where the Navy Hospital was housed in a hotel. She cared for servicemen with rheumatic fever. Kathryn had orders to USNH Guam, but was medically retired while getting ready to PCS.

Margaret Leggett, LCDR, USN (Ret), joined the Navy in 1944. Her first duty station was USNH Portsmouth. She recalled it being extremely busy but before starting ward duty she learned to march! One of her favorite tours of duty was USNH Taiwan as Assistant Chief Nurse with Sue Smoker as Chief Nurse. Peg will never forget Sue being off island during a typhoon and extreme flooding.

Georgia McKearly, CAPT, MSC, USN (Ret), started her long career as a Navy Nurse in 1944 at Great Lakes. However, when war was over, instead of leaving the Navy, she went to the Medical College of Virginia for physical therapy training. She remained in the Nurse Corps as a physical therapist until 1957 when she transferred to the Medical Service Corps. She laughed when she told of putting on her Navy issue bathing suit to get into the pool to do treatments!

Elizabeth Hodges, LTJG, USNR, while in nurses training was in the Navy Reserve in the War Reserve Program, sponsored by the American Red Cross. That made her subject to being called to active duty upon graduation. She got her letter to report to USNH San Diego. She recalls her first day as facing 35 Marines newly arrived from Africa. She remembers them being very big and she was a bit frightened by it all. After working orthopedics and the Brig, she worked SOQ and had the opportunity to meet President and Eleanor Roosevelt. At that time the nurses lived at the Palace of Fine Arts in Balboa Park!

Dorothy Smith, LT, USNR, started her career in Pearl Harbor shortly after the bombing there. Her stories are vivid and sad saying it was two years of hell...“So many young men”. However, as with most of the Nurses we interviewed, she said she would do it all over again.

It has been such an honor to interview these women. They are special and we thank them again for their service and for sharing their stories to help preserve the history of Navy Nurse Corps!

Reminder: Please complete and return your Biographical Data Form. Although we have heard from many of you, there are many more forms to be returned. We will contact you upon receiving your form to schedule an interview.

DJ Lavoie

Interviews are planned for April 13 and May 4 at Our Mother of Confidence Church, 3131 Governor Drive, San Diego and April 22 at Encinitas Community Center, 1140 Oakcrest Park Drive.

NNCA PARTNERS WITH DOD VIETNAM WAR 50TH ANNIVERSARY

NNCA has joined the Department of Defense Vietnam War 50th Anniversary Commemorative Partner Program. During the next two years, NNCA will focus (in their meetings and newsletters) on the contributions of Navy Nursing during the Vietnam War. Our NNCASC Chapter will support this effort in collecting histories of our Vietnam veterans and retelling some of their stories in our newsletters. To learn more about this program go to: www.vietnamwar50th.com

VIETNAM ERA REFLECTIONS

RADM Frances Sheabuckley entered the Navy as an Ensign in the Navy Nurse Corps in July 1951. She was released from active duty in July 1954 and remained active in the reserves while attending graduate school. She

returned to active duty on November 1, 1960 until she retired on October 1, 1983 as the Director, Navy Nurse Corps.

She had numerous assignments throughout her career to include that of Operating Room supervisor on the USS *Repose* (AH 16) during the Vietnam conflict.

RADM Shea went from recruiting duty in Kentucky to Vietnam in March 1968 and was assigned to USS *Repose* (AH 16). “I had 12 corpsmen. We had OJT [on-the-job-training] on the ship. We didn’t have enough corpsmen as OR techs, so we had to teach them...There were three operating rooms on the *Repose* and one nurse, period. There were two other operating nurses because we rotated through. One took the recovery room and the other took what was called central supply. But she never was really in central supply, because I was on call every third night. So, if I worked from 7 in the morning until maybe 5 the next morning, then she would come in at 7 and work that day and I would sleep...You had patients that were casualties, obviously. Then you had some elective surgeries. Sometimes it was someone with a hernia or something like that. Then you had children—Vietnamese children—that either were wounded or needed reconstructive surgery, like a cleft palate or a harelip. You also had the enemy, the Viet Cong...We tried to take our American casualties first. But, if it was a child, the child had to go first. The child could not withstand the physical stress of not going first if the child had been wounded. No questions asked...I know that we did 2000 [surgeries] while I was out there. And the

reason I know that was for every thousandth case, the patient got a cake. And the second thousandth case was a Marine who was 19 years old. The orthopedic surgeon came running down and said, ‘Hey, I’ve got your two thousandth case. He’s clean through-and-through in the chest. He’s got a bandolier around his chest and everything.’ He was a 19 year old black kid. We gave him his cake and talked to him. And he said, ‘Nobody ever had a cake for me before in my life.’ I thought, ‘You poor kid; you had to get shot to have a cake.’ You remember things like that. Some things I don’t remember, but some things I do.”

March is Brain Injury Awareness Month

Posted by Sarah Heynen, DCoE Public Affairs on March 2, 2015

Nearly **1.7 million** people sustain a traumatic brain injury (TBI) every year in America. Although many service members sustain these injuries during combat, far more TBIs occur as a result of motor vehicle accidents or falls. March is dedicated to raising awareness about TBI — on and off the battlefield. Make sure to check out these must-have resources for promoting brain injury awareness throughout the month, including information on prevention, recognition and treatment.

The following paragraphs contain links to more information and resources related to brain injury.
