#### **Notes:**

- Wheelchair accessible accommodations are handled on an individual, first-come, first-served basis for category & cabin assignment. The ship has a limited number available. Please book ASAP
- WiFi: One-device Unlimited Internet Wi-Fi upgrade is \$29.99/day = \$180 per voyage  
A one-person credit of \$80-\$100 is available toward a 150 minute upgrade package trade-in, reducing the \$180 cost. An add-on device to the upgrade package (single login at a time) is \$14.99/day = \$90 per voyage.  
A 2nd person Unlimited Internet Wi-Fi upgrade to the base package is \$29.99/day = \$180 per voyage (no upgrade credit applicable). Pricing subject to change by NCL prior to purchase.

#### **Free at Sea - Included Drink Package Information (Stateroom with Package A)**

If you drink, Package A is approx, \$28pp per day additional. That's 2-3 drinks per day as the package includes drinks up to \$15 and anything above that you pay the difference. It does not include bottled water, Starbucks, or more expensive alcohol.

#### **Free at Sea Plus further upgrade explanation for your consideration:**

This package upgrades the drink plan, Wi-Fi to unlimited, and includes daily gratuities. If you need Unlimited Wi-Fi, here is the true per-person cost difference. The upgrade is \$50pp per day, but you save the \$20pp per day gratuities already included in Package A or B pricing, reducing the net cost to \$30pp per day. Unlimited Wi-Fi cost for one unlimited device at a time is about \$90pp total, or \$15pp per day. That leaves roughly \$15pp per day for the liquor upgrade, bottled water, and specialty coffee (including Starbucks) and Specialty dining nights at \$10pp per meal. It may sound expensive—and can be—unless you value these additions.

## OTHER DETAILS

### **GROUP MAIN DINING (con't)**

possibly with two seating time ranges, which is why we have asked for your dining preference on the Booking Information Form.

### **7. GROUP SPECIALTY DINING**

Everyone has two Specialty Restaurant dinners included in their package. Normally, reservations must be made individually once the booking window opens, which is 120–125 days before embarkation (June 8–13, 2027). However, once our group surpasses 100 passengers, we will contact the group coordinator to see if they can allow nightly group reservation blocks at some of the most popular Specialty Restaurants, such as Cagney's, Le Bistro, and Ocean Blue. If they do allow a group block, it will still be around the beginning of June 2027. We will keep you up to date with our progress on this request.

### **8. VANCOUVER PRE-CRUISE**

Many of you may wish to arrive in Vancouver at least one night prior to embarkation, and some may prefer to stay two nights or longer. To assist with planning, we are inquiring about this on the Booking Information Form. Hotels often offer group rates more than a year in advance—sometimes even two—so this will help us gauge interest and begin obtaining quotes from two or three hotels. Once we receive those quotes, we may send a follow-up survey to gather more specific preferences and possibly offer a choice between hotels. We will keep everyone updated as plans progress.

### **9. LAX DIRECT AIRPORT TRANSFERS**

NCL offers the most convenient and typically the most economical airport transfers from the San Pedro–LA World Cruise Terminal to LAX. These transfers can be purchased through the NCL app prior to embarkation or once onboard the ship. While the current average cost is about \$25–\$30 per person, prices may increase by 2027, so a reasonable estimate would be \$30–\$35 per person, which is still significantly less than most other transportation options.

### **10. HOW TO LOOK AT STATEROOM AVAILABILITY OR HOLD A STATEROOM RESERVATION.**

**Follow the link or scan the QR code provided in Step 2. This will take you to the sailing page for the NCL Encore – October 11, 2027 cruise.**
